| | (As of 12/12/2017) | |
| 8. Glossary of Terms | We have compiled numerous terms and definitions. All definitions still need to be reviewed, and additional terms will likely need to be added as additional details are added to the other sections of the plan. | 75% |
| 9. Appendix: Procedures for Addressing Conflict <i>(note: appendices are listed in no particular order at this time and will be reordered based on their order of reference in the body of the plan)</i> | NeDNR and the NRDs discussed a straw dog rough draft and what everyone thought should and shouldn't be included. The rough draft will be completely rewritten based on that discussion. We have notes from that meeting, but no re-draft has been started. | 10% |
| 10. Appendix: Management History <i>(note: appendices are listed in no particular order at this time and will be reordered based on their order of reference in the body of the plan)</i> | An early version of this was taken to stakeholders in August. Additional changes have been made. Additional information will be added as a result of discussion at the August stakeholder meeting. | 75% |
| 11. Appendix: Planning Meeting Schedule <i>(note: appendices are listed in no particular order at this time and will be reordered based on their order of reference in the body of the plan)</i> | Meetings to date are listed. Will need to be updated to reflect final meeting schedule. Will need to be reformatted to match the style of the rest of the plan. Descriptions of what stakeholder advisory committee meetings and coordination meetings are need to be added. | 75% |

| <p>12. Appendix: Riparian Evapotranspiration and Removal of Invasive Vegetation <i>(note: appendices are listed in no particular order at this time and will be reordered based on their order of reference in the body of the plan)</i></p> | <p>Bulk of content was developed previously for a stakeholder handout.</p> <p>Small amounts of text were added to convert that handout to a plan section (primarily an introduction). This additional text needs final review.</p> <p>Needs reformatted to match the style of the rest of the plan.</p> | 95% |
| <p>13. Appendix: Local Hydrology and Land Use <i>(note: appendices are listed in no particular order at this time and will be reordered based on their order of reference in the body of the plan)</i></p> <ul style="list-style-type: none"> a. Local Hydrology <ul style="list-style-type: none"> I. Basic Hydrologic Principles II. Precipitation III. Surface Water Supplies IV. Groundwater Supplies V. Human Activities Related to Hydrology VI. Land Use Development Through Time <ul style="list-style-type: none"> i. Surface Water <ul style="list-style-type: none"> a. Permits/Infrastructure (Canals & Reservoirs) b. Acres c. Diversions d. Deliveries e. Consumptive Use (SW CBCU) ii. Groundwater <ul style="list-style-type: none"> a. Wells b. Acres c. Pumping d. Depletions (GW CBCU) | <p>A considerable amount of brainstorming, drafting rough content, and gathering information to see what is available has been generated. Now an outline for this section has been agreed upon, and staff are working on updating and organizing their previous drafts and data to fit the agreed-upon outline.</p> <p>Numerous maps and charts need to be created and/or polished</p> | 50% |
| <p>14. Additional Appendices??</p> | | 0% |
